Passtox Clear

PROTECTION OF LIVESTOCK:

Do not feed treated grass clippings from treated areas to poultry or other animals.

PROTECTION OF WILDLIFE, FISH, CRUSTACEA AND ENVIRONMENT:

Toxic to fish. Do not contaminate streams, rivers or waterways with the chemical or used container.

PROTECTION OF CROPS, NATIVE AND NON-TARGET PLANTS:

Do not apply under meteorological conditions or from spraying equipment which could be expected to cause spray to drift onto nearby susceptible plants, adjacent crops, crop lands or pastures.

RESISTANT WEED WARNING

GROUP	K	HERBICIDE
-------	---	-----------

Passtox Clear Herbicide is a member of the Organoarsenic group of herbicides. For weed resistance management Passtox Clear Herbicide is a Group K herbicide. Some naturally occurring weed biotypes resistant to Passtox Clear Herbicide and other Group K herbicides may exist through normal genetic variability in any weed population. The resistant individuals can eventually dominate the weed population if these herbicides are used repeatedly. These resistant weeds will not be controlled by Passtox Clear Herbicide or other Group K herbicides. Since the occurrence of resistant weeds is difficult to detect prior to use, Colin Campbell (Chemicals) Pty Ltd accepts no responsibility for any losses that may result from the failure of Passtox Clear Herbicide to control resistant weeds.

STORAGE AND DISPOSAL: Store in the closed original container in a well-ventilated area, as cool as possible. Do not store for prolonged periods in direct sunlight. Store in a locked room or place away from children, animals, foods, feedstuffs, seed and fertilizers. Triple or, preferably, pressure rinse empty containers before disposal. Add rinsings to spray tank. Do not dispose of undiluted chemicals on-site. Break, crush, and or puncture and bury empty containers in a local authority landfill. If not available bury the containers at a depth of 500 mm in a disposal pit specifically marked and set up for this purpose clear of waterways, vegetation and roots. Empty containers or product should not be burnt.

SAFETY DIRECTIONS: Poisonous if absorbed by skin contact or swallowed. May irritate the eyes and skin. Avoid contact with the eyes and skin. When preparing spray and using the prepared spray wear cotton overalls buttoned to the neck and wrist, a washable hat and rubber gloves. After use and before eating, drinking or smoking wash hands, arms and face thoroughly with soap and water. After each days use wash gloves and contaminated clothing.

FIRST AID: If poisoning occurs, contact a doctor or Poisons Information Centre Phone Australia 131126.

MATERIAL SAFETY DATA SHEET: Additional information is listed on the Material Safety Data Sheet. The MSDS can be obtained from www.campbellchemicals.com.au

CONDITIONS OF SALE
