This product conforms to the requirements of Food Standards Australia and New Zealand (FSANZ)

DIRECTIONS FOR USE

To use on peaches, plums and nectarines- dilute 1 part of Peach Wax Concentrate with 3 parts soft water and apply by brushing. Do not allow this product to freeze. Once opened, use entire contents of this container within 120 days. To aid defuzzing of peaches, it is recommended to use Campbell Apple Wash in the dump tank or foam detergent applicator.

FIRST AID: Call a physician immediately. If swallowed, do NOT induce vomiting unless directed to do so by a medical personnel. In case of skin contact immediately flush skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes. For eye contact: Hold eyelids apart and flush eyes with plenty of water for at least 15 minutes. In case of inhalation or suspicion of inhalation move patient at once to fresh air. Wash shoes and clothing before reuse.

IN CASE OF FIRE OR SPILL: Use extinguishing agents suitable for surrounding fire. Wear appropriate protective equipment. Absorb spill with inert material (e.g. dry sand or earth), and then place in a chemical waste container. For large spills dike for later disposal. Dispose of according to local, state and federal regulations.

HANDLING: Wear goggles or face shield, protective gloves and protective clothing when handling. Avoid contact with eyes, skin or clothing. Do not inhale or swallow. Use adequate ventilation. See MSDS for additional information.
