Pennside®

Mixing:

Shake container before pouring. First fill spray vat approximately half full with water. Then add the required amount of Pennside and finally add the remainder of the water whilst agitating the spray vat.

GENERAL INSTRUCTIONS

This product will control insects for 3-4 weeks. Pennside can be applied using all types of spray equipment. Use 50-mesh screens or larger.

Compatibility:

Pennside is not compatible with wettable sulphur, dinocap or emulsifiable concentrates.

PROTECTION OF LIVESTOCK, FISH AND ENVIRONMENT:

Do Not graze treated turf or feed grass clippings from treated area to poultry or animals. Dangerous to bees. Do Not spray any plants in flower while bees are foraging. Dangerous to fish. Do Not contaminate ponds, waterways, irrigation channels or drains with the products or used container.

Storage and Disposal:

Store in original container tightly closed in a dry well-ventilated area, as cool as possible out of direct sunlight. Do not store with fertilizers, insecticides, fungicides and seeds. Protect product from frost. Triple rinse containers before disposal, and add rinsing to tank mix or dispose of rinsate in a disposal pit away from desirable plants and their roots, and watercourses. Destroy empty containers by breaking, crushing or puncturing them. Dispose of the containers at a local authority landfill that does not burn its refuse. If there is no local authority landfill readily available in your area, bury the containers at a depth of 5000mm or more at a licensed-approved disposal site. Do Not burn empty containers or product.

Safety Directions:

Avoid contact with the skin. When opening the container and preparing spray and using the prepared spray wear elbow-length PVC gloves. After use and before eating, drinking or smoking, wash hands, arms and face thoroughly with soap and water. After each day's use wash gloves.

First Aid:

If poisoning occurs, contact a doctor or Poisons Information Centre.

CONDITIONS OF SALE
