

COLIN CAMPBELL (CHEMICALS) PTY. LTD.

SAFETY DATA SHEET

Date of Issue: 1 July 2023

1) IDENTIFICATION OF THE MATERIAL AND SUPPLIER

Product Name: CAMPBELL POACURE SC TURF HERBICIDE
Other Names: Methiozolin
Chemical Group: Not determined
CAS No.: 403640-27-7
Recommended Use: Herbicide for the control of winter grass (Poa annua) in recreational turf.
Supplier Details: Colin Campbell (Chemicals) Pty Ltd ABN 29 000 045 590
5 Blackfriar Place
Wetherill Park NSW 2164
Telephone: (02) 9725 2544
Fax: (02) 9604 7768
Email: ccesynd@campbellchemicals.com.au
Website: www.campbellchemicals.com.au
Contact: Product Development Manager – (02) 9725 2544
Emergency Telephone Number: 13 11 26 (Poisons Information Centre)

2) HAZARDS IDENTIFICATION

SUSMP Classification: S5

ADG Classification:

UN Number:

GHS classification: Hazardous to aquatic environment – acute Category 2
Hazardous to aquatic environment – chronic Category 2

GHS Signal Words: WARNING

Hazard Statements : H411: Toxic to aquatic life with long lasting effects.

General Precautionary Statements : P101 : If medical advice is needed, have product container or label at hand.
P102 : Keep out of reach of children
P103 : Read carefully and follow all instructions.

Pictograms :

Precautionary statements Prevention: P261: Avoid breathing dust/fumes/gas/mists/vapours/spray.
P262: Do not get in eyes, on skin, or on clothing.
P264: Wash contacted areas thoroughly after handling.
P270: Do not eat, drink or smoke when using this product.
P273: Avoid release to the environment.
P280: Wear protective gloves/protective clothing/eye protection/face protection/hearing protection.

COLIN CAMPBELL (CHEMICALS) PTY. LTD.

SAFETY DATA SHEET

Date of Issue: 1 July 2023

Precautionary statements Response:	P391: Collect spillage.
Storage :	P402+P404: Store in a dry place. Store in a closed container. P403+P235: Store in a well-ventilated place. Keep cool.
Disposal:	P501 Dispose of contents and container as specified on the registered label.

3) COMPOSITION/INFORMATION ON INGREDIENTS

Ingredients	CAS Number	Concentration
Methiozolin	403640-27-7	275g/L
Other non-hazardous ingredients	Non hazardous	balance

4) FIRST AID MEASURES

**If poisoning occurs, move out of dangerous area immediately contact a doctor or Poison Information Centre (Ph: 13 11 26) and follow the advice given.
Show this Safety Data Sheet to the doctor.**

If inhaled:	Remove person to fresh air and keep at rest in a position comfortable for breathing. Call a doctor/physician.
In case of skin contact:	Wash with plenty of water. If skin irritation or rash occurs, get medical attention. Wash contaminated clothing before reuse.
In case of eye contact:	Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical attention..
If swallowed:	Rinse mouth. Do not induce vomiting. Call a doctor/physician.
First Aid facilities	Ensure eye wash and safety shower are available.
Medical Attention:	Symptoms may be delayed. The first aid procedure should be established in consultation with a doctor responsible for industrial medicine.

5) FIRE FIGHTING MEASURES

Extinguishing media	Water fog, foam, carbon dioxide or dry chemical. Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.
Hazard from combustion products	Combustion may produce toxic fumes of carbon monoxide, sulfur dioxide and hydrogen chloride.
Precautions for fighting fires	Fire fighters should wear full protective gear, including self-contained breathing apparatus (AS/NZS 1715/1716). Keep unnecessary people away. If it can be done safely remove intact containers from the fire. Bund area with sand or earth to prevent contamination of drains or waterways. Dispose of fire residues and contaminated fire extinguishing water in accordance with local regulations. Do not release contaminated water into the environment.
Hazchem Code	•3Y

COLIN CAMPBELL (CHEMICALS) PTY. LTD.

SAFETY DATA SHEET

Date of Issue: 1 July 2023

6) ACCIDENTAL RELEASE MEASURES

In the event of a major spill, prevent spillage from entering drains or water courses. Evacuate the spill area and deny entry to unnecessary and unprotected personnel. Immediately call the Fire Brigade. Wear full protective clothing including eye/face protection. All skin areas should be covered. See below under Personal Protection regarding Australian Standards relating to personal protective equipment. Suitable materials for protective clothing include rubber, PVC. Eye/face protective equipment should comprise as a minimum, protective goggles. If there is a significant chance that vapours or mists are likely to build up in the cleanup area, we recommend that you use a respirator.

Stop leak if safe to do so, and contain spill. Absorb onto sand, vermiculite or other suitable absorbent material. If spill is too large or if absorbent material is not available, try to create a dike to stop material spreading or going into drains or waterways. Sweep up and shovel or collect recoverable product into labelled containers for recycling or salvage, and dispose of promptly. Recycle containers wherever possible after careful cleaning. After spills, wash area preventing runoff from entering drains. If a significant quantity of material enters drains, advise emergency services. Ensure legality of disposal by consulting regulations prior to disposal. Thoroughly launder protective clothing before storage or re-use. Advise laundry of nature of contamination when sending contaminated clothing to laundry.

7) HANDLING AND STORAGE

Handling Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove clothing/PPE and wash contaminated clothing before reuse. Remove PPE immediately after handling this product. Wash outside of gloves before removing. As soon as possible, wash thoroughly and change clothing. Wear protective clothing consisting of a long-sleeved shirt, long pants, protective gloves, face protection and eye protection. Work on the windward.

Storage Store locked up. Store in a well-ventilated, dry and sunlight-protected place. Do not contaminate food or feed by storage.

8) EXPOSURE CONTROL/PERSONAL PROTECTION

Exposure Standards	TWA (mg/m ³)	STEL (mg/m ³)
	Not set	Not set

Biological Limit Values None allocated

Engineering Controls Work areas should be well-ventilated. Facilities utilizing or storing this material should be equipped with an eyewash facility and safety shower. Good industrial hygiene practice dictates that indoor work areas are isolated and provided with adequate local exhaust ventilation. In outside batch operations, work upwind.

Personal Protective Equipment

Eyes: Protective glasses or safety goggles. Eye wash bottle with pure water.

Clothing: Impervious overalls buttoned to the neck and wrists and a washable hat.

Gloves: Polyvinyl alcohol or nitrile-butyl-rubber gloves. Before removing gloves clean them with soap and water.

COLIN CAMPBELL (CHEMICALS) PTY. LTD.

SAFETY DATA SHEET

Date of Issue: 1 July 2023

Respiratory: If inhalation is likely an AS/NZS 1715/1716 approved respirator should be worn.

9) PHYSICAL AND CHEMICALS PROPERTIES

Appearance:	Opaque milky viscous liquid
Odour:	Slight preservative odour
Vapour pressure:	No data available.
Relative vapour density:	Not available
Evaporation rate:	No data available.
Decomposition temperature:	>200°C
Boiling point:	>100°C
Freezing/Melting point:	No data available.
pH:	6.33
Solubility:	1.5mg/L at 20°C (methiozolin technical)
Specific gravity:	1.09 g/cm ³ at 20.5°C.
Flash point:	Not determined
Flammability (explosive) limit:	Not flammable
Auto ignition temperature:	No data available.
Partition coefficient (octanol/water):	No data available.
Viscosity:	No data available
Oxidising properties:	No data available.
Partition coefficient n-octanol/water :	log Pow 3.1 at 20°C

10) STABILITY AND REACTIVITY

Chemical stability:	Stable against heat, acid, alkaline and sunlight under normal handling conditions.
Conditions to avoid:	This product should be kept in a cool place, preferably below 30°C.
Incompatible materials :	None stated.
Hazardous decomposition products:	Combustion may produce toxic fumes of carbon monoxide, hydrogen chloride and sulfur dioxide.
Hazardous reactions:	Does not polymerise.

11) TOXICOLOGICAL INFORMATION

Acute Oral Toxicity (LD50)	>2,500 mg/kg (rat-male/female)
	>2,000 mg/kg (mouse-male/female)
Acute Dermal Toxicity (LD50)	>2,000 mg/kg (rat-male/female)
Acute Inhalation Toxicity (LC50 (4 hr))	>5.9 mg/L (rat-male/female) (Classification not possible; One test result only under the technically maximum density of generating dust)
Skin Irritation:	Non irritant (rabbit)

COLIN CAMPBELL (CHEMICALS) PTY. LTD.

SAFETY DATA SHEET

Date of Issue: 1 July 2023

Eye Irritation:	Irritant (rabbit)	Non irritant (rabbit)
Respiratory Sensitization:		No data available
Skin Sensitization:		Negative (guinea pig)
Germ Cell Mutagenicity:		Negative (Methiozolin technical)
Carcinogenicity:		Unavailable
Reproductive Toxicity:		No effect (Methiozolin technical)

Specific Target Organ Toxicity (Single Exposure): Not identified (Methiozolin technical).

Specific Target Organ Toxicity (Repeated Exposure): Not identified

Aspiration Hazard: No data available

12) ECOLOGICAL INFORMATION

Dangerous to fish and aquatic organisms. Low toxicity to birds, bees and earthworms. DO NOT contaminate streams, rivers or waterway with this product or the used containers.

Ecotoxicity:	Fish Toxicity:	Carp	LC50 (96 hr)	2.36 mg/L
	Others:	Daphnia	EC50 (48 hr)	2.7 mg/L
		Alga	ErC50 (0-72 hr)	1.19 mg/L
	Avian Toxicity:	Quail	LD50 (Oral)	>2,250 mg/kg
		Mallard	LD50 (Oral)	>2,250 mg/kg

Environmental fate, persistence and degradability, mobility	Partition coefficient n-octanol/water : log P _{ow}	3.1.
	Residue/degradability:	Soil half life of Methiozolin was 2 weeks
	Bioaccumulation:	Not accumulate or low accumulation..

Identified harmful effects on environment:	Toxic to aquatic life. DO NOT contaminate wetlands or watercourses with this product or used containers.
	Harmful to bees, including bee brood. DO NOT allow spray drift to flowering plants in the vicinity of the treatment area. Before spraying, notify beekeepers to move hives to a safe location with an untreated source of nectar and pollen, if there is potential for managed hives to be affected by the spray or spray drift.
	Toxic to beneficial arthropods. Not compatible with integrated pest management (IPM) programs utilising beneficial arthropods. Minimise spray drift to reduce harmful effects on beneficial arthropods adjacent to the treatment area.

Other precautions: Do not contaminate dams, waterways or sewers with this product.

13) DISPOSAL CONSIDERATIONS

This product should not be allowed to enter drains, water courses or the soil. Do not contaminate ponds, waterways or ditches with chemical or used containers. Triple or preferable pressure rinse containers before disposal. Add rinsings to the mixing tank. Do not dispose of undiluted chemical on-site. If recycling, replace cap and return clean containers to recycler or designated collection point. If not recycling, break, crush or puncture and bury empty containers in a local authority landfill. If no

COLIN CAMPBELL (CHEMICALS) PTY. LTD.

SAFETY DATA SHEET

Date of Issue: 1 July 2023

landfill is available bury the containers below 500mm in a disposal pit specifically marked and set up for this purpose clear of waterways, desirable vegetation and tree roots. Empty containers and product should not be burnt.

14) TRANSPORT INFORMATION

Not dangerous according to Australian Dangerous Goods (ADG) Code, IATA and IMDG/IMSBC criteria.

IMDG/IMSBC

UN No.:	1993
IMO Proper shipping name:	FLAMMABLE LIQUID,N.O.S. (contains xylene)
IMO Class:	3
Packing group:	III

15) REGULATORY INFORMATION

Registered under the Agricultural and Veterinary Chemicals Act 1988 (Commonwealth) Australian Pesticides and Veterinary Medicines Authority approval number: 92105

16) OTHER INFORMATION

Date of revision : 1 July 2023
Reason for revision : New product.

This SDS summarises our best knowledge of the health and safety hazard information of the product and how to safely handle and use the product in the workplace. Each user should read this SDS and consider the information in the context of the how the product will be handled and used in the workplace including in conjunction with other products.
